It is a wonderfully life-like piece of mechanism, any one scene of which is to be wondered at for years. The lieutenant and his steed upon the deserted battle-field, is one of the most thrilling spectacles ever witnessed. The struggles of the dying steed; how it, after many and painful efforts, finally staggers to his feet, how the faithful brute stoops over its wounded and belpless master. and litts him by the coat collar, also partialsoldier and steed both lie down and die together;-the stricken widow, looking with anxious love for her lost husband, among the corpses of the fatal field-the storming of will at least do no harm. The week that has just closed opened with a mor-active demand, and on Saturday fully 15,000 b.les changed hands at prices generally in favor of factors, but without exhibiting any quotable advance. On Wednesday, although still more favorable foreign news had come through on the previous evening, which under ordinary circumstances could not have failed to make an excited market, yet the increasing difficulty in passing either foreign or domestic Ex-change, interrupted the movement, and the sales were confined to 2000 bales at very irregular prices, indica-ting that the previous improvement could not be maintained. On Thursday it was dark and rainy, and the market was quite paralyzed by the entoward in-figences we have referred to, the sales being confined to 200 bales. Yesterday the weather was again fine, and although operations were still checked by the condition of the Exchange market, yet some 6500 bales changed hands at flaures requiring a reduction in our questations of 1/2 1/2. Thus the week's sales sum up 46,800 bales, the market closing at the following quo-

There is nothing better. It has been favorably known or more than twenty years to be the ONLY SURE SPECIFIC for the many diseases incident to the human family

ROMBO, MALCOMB CO., Mich., July 9, 1885.

MESSEG. J. N. HARRIS & Co.,

Gentlemen:—The confidence I have in Perry Davis.

Pain Killer as a remedy for Colds, Coughs, Burns Sprains and Rheumatism, for the cure of which I have successfully used it, induces me to cheerfully recommend as virtues to others.

A few months ago I had recourse to it to destroy a felon; although I had never heard of its being used for that purpose but having suffered intensely from a former one, and having no other remedy at hand, I applied the Pain Killer freely for about fifteen minutes at evening, and repeated the application very briefly the next morning which entirely destroyed the felon, and increased my confidence in the utility of the remedy!

Yours truly,

Minister of the Wesleyan Methodist Church. THE PAIN KILLER has been tested in every variety of climate and by imost every nation known to Americans. It is the constant companion and inestimable friend of the mis-sionary and traveller, on sea and land, and no one should travel on our LAKES or RIVERS WITHOUT IT. Be sure you call for and get the genuine Pain Killer as many worthless nostroms are attempted to be sold
